

How to Give Maximum Pleasure to Your Partner

The next time you are having sex, make the entire neighborhood know that you are “doing it”. Scream at the top of your voice and let the orgasms flow like never before. Yes they are going to wonder what happened (but surely most of them are going to be jealous because they know that you are having the time of your life). But what does it matter? After all, when you are having sex, all that matters is your pleasure and the enjoyment of your partner.

Welcome to the world of the ‘vibrating ring’. Surely you have heard of sex toys – may be you have tried a few yourself. The vibrating ring takes sex toys to the next level. Just wear this ring on the penis and it is sure to give the maximum sexual stimulation to your partner. Guaranteed to perform, the ring enhances the intensity when you are engaged in sex. Shut her up and let your penis do all the talking – as it enters the vagina and rubs against the clitoris, she is sure to squeeze you up, and take all your love juices. And when it touches the g spot, boy-o-boy, she is gonna cum all over again. Your partner will cling on to you for all her life and think of you as quite a stud.

Warning - the vibrating ring may lead to multiple orgasms!

Also referred to popularly as the penis ring, it is actually a revolution in the world of sex toys. It is a disposable ring that comes with the longest battery life. The new enhanced motor gives the ring additional power. You may also control the intensity of the vibrations to suit your level of arousal. Use the ring and keep it soft when you are engaged in foreplay – and then shift to the strong mode when she is pleading you to ‘take her’.

But that’s not all. There is something for the male too. Now you can also enjoy the power of vibrations – the gentle vibrating feeling is sure to be loved by you.

So go ahead and try out the all new vibrating ring.
