

Limousines in Wales

There is an amazing selection of stretch limousines in Wales in a multitude of styles, types and colours and are hired for all occasions and events. The major towns and cities in Wales where limousines are usually hired include Cardiff, Newport, Swansea, Wrexham and Bangor. Out of these towns and cities probably Cardiff uses limousines the most and there is a great choice available.

Of all the limousines available in Wales, the Party Bus limo has to be the most impressive. This massive vehicle is able to carry up to twenty eight people and is kitted out with all sorts of gadgets and gizmos such as karaoke, dance pole, disco lights and disco floor. In addition there are unique features such as a Playboy Den full of Playboy paraphernalia, a Poker Den complete with poker table, poker chips and Playboy playing cards as well as an on-tap bar full to the brim with your favourite tippie. Sadly this incredible limousine is off the road and we all hope it will be back very soon.

In the mean time there are other impressive limos such as the Hummer H2 limousines. These massive stretched limos are capable of carrying up to sixteen people and are equipped with DVD players, CD players, quality sound systems, mirrored ceiling and disco floor. They can be rented in many different styles and colours including black, white, pink, silver and black and silver. The pink Hummer H2 limousine is very popular and has a fully pink interior, dance pole, massive sound system, pink lights, pink strobes and karaoke. The pink Hummer H2 limousine is very popular in Wales for hen nights and girlie birthdays. For stag nights and lads birthdays there is a very impressive triple axle 8 wheeler Hummer H2 limousine with a VIP room at the rear of the limo and a quality interior.

Other 4x4 limousines available in Wales include Jeep Excursion limos and Lincoln Navigator limousines. In most cases, Lincoln Navigator limousines can only seat up to fourteen people, however in Wales there is an impressive silver Lincoln Navigator limousine that can seat up to sixteen people. This puts it into direct competition with the Hummer H2 limousine and is quite often cheaper to rent. Many of the new European 4x4 limos such as the Porsche Cayenne limousine, BMW X5 limo, Audi Q7 limousine and Range Rover limo are also available in Wales, although many are brought in from Birmingham.

There are plenty of eight seater limousines available in Wales including the classy Chrysler C300 Baby Bentley limousine available in cream and silver. There are also some very impressive stretch Lincoln Town Car limos in Wales. They include pink Lincoln Town Cars, traditional white stretch Lincoln Town Cars and a couple of themed Lincoln Town Cars. These include the gangsta Lincoln Town Car which has portraits of famous gangsters from movies and the Hollywood Dream which has portraits of famous movie stars.

Limousines in Wales can also be rented for birthdays, corporate events, airport transfers, school proms and weddings.
