

Clear Space, Attract Abundance And Magnify Thought Forms Through The Use of Orgonite

Orgonite or Orgone products are based on Dr. Wilhelm Reich's cloud buster technology. Orgonite is simply another term for Life-Force Energy. Other cultures have other names for this energy: Ki', 'Chi', 'Prana' etc. Dr. Reich harnessed this energy to balance the planetary energy patterns, heal disease and increase the functioning of the mind.

We have been working with crystals over a number of years and have a website where you can find a huge variety and lots of information. Having crystals and Orgonite in our own home, we decided the way forward was to make it for others. Many people are selling Orgone products, but a lot of it is generic and not made specifically for individuals. All our Orgonite pieces are hand-made and unique – 'unique' is a very overworked word, but in this case it is exact. These pieces are made to order with specific intent for the customer – this can be for health, relationship or financial issues. They are used to clear space energetically, attract abundance and magnify thought forms.

We concentrate mainly on pieces that can work for us specifically. We do keep a range of ready-made pieces for those who do not wish to wait for pieces to be made.

Our Orgonite is a mixture of metal and organic matter in a 50/50 ratio. These devices are made with crystal clear resin, brass, copper, silver, steel, aluminium and titanium, crystals seashells and other items, collectively known as Orgone. This product has the unique ability to transform negative energy into positive energy. As many crystals and minerals as are required are used in these pieces. Simply place your Orgonite where you live, work, sleep or play and let it do its work.

Photos of pieces already made are available on the website under Orgonite Examples. They come in many various sizes and shapes too. Just tell us what you would like your Orgone to do for you and we will choose the most relevant mix of crystals and minerals, either whole or powdered, for your needs.

Orgonite: A proven effective solution.

Orgonite vendors exist to produce pieces for those who are unable or not interested in making it themselves. This product does not require belief or conscious intention in order to work, and has nothing to do with the 'new age movement'.

Burying it near sources of electromagnetic radiation or near cellphone, TV or radio towers or dropping into lakes, rivers and oceans, has a powerful and noticeable effect on the area. The skies get clearer and water pollution levels decrease. The general mood in the area improves as people are kinder and more easy-going.

More people are seeing this improvement and want to have it in their own home. As Orgonite makers become more aware of this fact, they are creating beautiful pieces that will stand with pride in any home.

We ask only that you help combat the pollution that is wreaking so much harm throughout our communities. We ask you to contribute to the health and well-being of your friends, family and neighbours. We ask that you seek your own personal confirmation of the effectiveness of orgonite.

Orgone products balance energy by turning the negative energy into positive energy continuously, 24 hours a day, 7 days a week, without electricity.
