

Limousine rental New York - Limousine rental New York for weddings

Wedding is the most memorable day of any couples life. For several months the only thing that keeps them busy is how to make the wedding more special. Apart from everything thing else, a limousine will add some extra flavor to all the specialties they arrange. Wedding limousines specially decorated for the job are a part of many limousine rentals in New York.

Limousine Models for Weddings

There are many models available for wedding limousines to choose from. The new models such as Chrysler 300 stretch limousine, a hummer or the classic ones. Usually white will be a preferred color choice since it fits in perfectly with the theme color of the wedding. At Limousine rental in New York you can find any type of car that fits your wedding theme.

Pricings

The price depends on the level of service you have requested. The basic limousine package will of course have a driver and some beverages for the bride and groom however there are still things that you must be ensured of such as the driver will be on time and he will be properly dressed. The extras such as balloons, just married signs, flowers, interior floral decorations, red wedding carpet, champagne and wedding March horns all come with extra price but are much needed items to make it look more like a wedding. On the average for good service you will be paying around \$120 an hour and for average services the rate for limousine rental in New York varies from \$45 to \$65.

Booking one for the big day

As you start preparation months ago for the wedding party and celebrations, you should also start searching for the right limousine. If you are searching online then the company that seems to offer good service for the money should be reputable. Before you book one you should see the limousine pictures, the amenities on offer, the dress code for chauffeurs, the timings, everything that is included in the package. Once you are satisfied then book a limousine early or you may miss the best cars near your wedding dates. Proms are held in spring so if you are setting a date in spring better have a booking earlier.

The usual package Timings

Bride and the bride's maids are usually picked up and taken to the wedding place before they dress up which means some time out of the package will be used here. After the wedding the newly wed go to the reception. Later, the couple either goes home or to wherever they want to spend their wedding night. However you must know what the rental company's time packages are. The usual time of limousine is 3 to 5 hours which are generally enough for the wedding but since you don't need any hassles you should ask the rate for extra hours if things get a bit late.

Limousines will make your arrival and departure extraordinary and of course being a symbol of elegance it will make your wedding more special and memorable. The internet can help you choose the best ride from limousine rentals in New York.
