

The Sharp Motorola RAZR2 V8

The Motorola RAZR2 V8 has sharp new looks and is basically an updation of the familiar RAZR brand. The packaging itself will give you the feel that you are to unwrap a nice handset. Onceun wrapped, this mobile gets revealed with a glossy metal finishing and a two inch external screen. The V8 gives a slick feel though it is 55 mm wide. It surpasses most of the handsets in design and style.

The Motorola RAZR2 V8 flips to open. Inside the flip case, lies the TFT screen and the keypad of the handset. The TFT screen supports 256K colours and comes with a size of 2.2 inches. You can download and store wallpapers on the screen. This gives a very luscious look to the handset. Several high definition games can also be played on the screen. The other advantage of this attractive screen is the pleasure of watching videos and pictures with a resolution of 240 x 320 pixels.

The RAZR2 V8 gives vibrational alerts and ring-tone alerts. You can also download ring-tones of your choice. So, the ring-tones keep you alert and you can change them at your will. There is a 2MP camera in the mobile. This camera is capable of capturing images at a resolution of 1600x1200 pixels. So, now you can save each and every moment of your life with the aid of this in-built camera. Moreover, the music player keeps you tuned to the latest songs and music. You can keep the player on while simultaneously messaging to your friends and colleagues. The Motorola RAZR2 V8 weighs only 117 g including the battery. It has a dimension of 103 x 53 x 11.9 mm.

The battery of the handset gives a standby time of 330 h and talk-time of 7h 50 mins. So, now you can use the phone for longer hours to download files and play games. The downloaded files can be stored in the 2GB internal user memory of the handset. Such a large memory is also sufficient for big music files and games that require greater space. The [Motorola RAZR2 V8](#) is available under various schemes such as discounted line rentals or free line rentals with different mobile service providers.
