

Ready-Made Icons for Business and Financial Projects

There is no lack of readily available icons and images all over the Internet, but are you ready to deliver a project with inconsistent graphics to your business clientele such as banks, insurance companies and financial organizations?

No need looking for images to enhance your new project piece by piece when you can get the entire thing for less than a hundred dollars! [Business Toolbar Icons](#) by [Perfect Icon](#) are readily available for viewing and ordering. The entire set of over two hundred icons goes for less than a hundred dollars, making the price of each icon just fifty cents. Why look elsewhere if you can find the professionally designed, carefully crafted and manually matched set right away?

Technically speaking, the Business Toolbar Icons set comes in all standard formats, resolutions and color depths. The set contains images in [ICO](#), BMP, GIF and PNG formats, and every image is available in 256 colors and True Color. Needless to say that all sizes of 16x16, 20x20, 24x24, 32x32, and 48x48 pixels are supplied. If that's not enough, each icon comes in three states: normal, disabled and highlighted, which makes it several thousand of images in a single set!

Business Toolbar Icons represent the best value on the market with various financial objects, symbols and actions depicted by professional artists. There are many types of icons available, including money, currencies, trading, banking, insurance and other business and financial operations.

Currency Icons

Developing a project for the stock market or foreign currency exchange? Add symbols for major currencies to the navigation or toolbar of your application! Dollar, Yen, Pound and Euro are depicted in symbols, coins and paper bills.

Financial and Trading Symbols

Business Toolbar Icons depict numerous financial and business symbols such as Money, Insurance, Bank, ATM, Credit and Credit Cards, Growth and Recession to name a few.

Office and Workflow

Office workflow is an essential part for every business, and Business Toolbar Icons image numerous objects and actions to represent the issue. The set contains icons depicting Computer and Coffee Cup, Customers and Cash Register, Printer and Handshake, Accepting Delivery and Out Of Service signs.

It's impossible to list all two hundred names of icons in this text without making it awfully boring, but everything you need it right there. Trust my word - or see it with your own eyes by previewing all of these icons assembled on a single Web page at <http://www.perfecticon.com/stock-icons/business-toolbar-icons.htm>

About the Author

Since Aha-Soft's founding in 2000 and as of 2007, Victor Ivlichev develops image processing software for Windows. He works for quality products, which will help to other computer users.
