

## Microgaming Casino software platform providers

Microgaming software powers the platform used by Casino Classic. Casino Classic is a relatively new entrant into microgaming online casinos but even within this short span it has made a name for itself. It has a huge selection of games, stunning graphics and sounds to give you a feel of being in a real casino.

Casino classic offers more than 250 games. This vast selection of games means that they have a game for everyone, whether you are a beginner or a professional at gambling. In the progressive games you can choose from regular table games, video poker, video slots, reel slots and megaspins. In the card, parlour and table games, choose from the gold series, multi-hand blackjack, single hand blackjack, roulette and others. The video and power poker games include standard video poker, power poker, and 10/50/100 play poker. A number of playlines options are available in the video and bonus slots as well as the reel slots.

The software at Casino classic .is easy to download and also comes in a quick start flash version. The features are great as well. You can use the Notes function to keep tabs of every player you have played with so that you can later get a head start with the same player. You can also use the Buddy list option to bookmark people with whom you enjoyed your game and would like to play again. Player statistics are available in an easy to use percentage format.

Casino classic has an excellent customer support service. You can always seek help whether you are stuck at deposits, the software, withdrawals or any other problem, and their support staff will promptly answer your query by email or live chat on a 24\*7 platform.

You can play an hour's free game at the Casino classic casino. After you sign up you get a free deposit of in your account from Casino classic with which you can play for an hour. At the end of the hour you get to keep any profits you make with that deposit. But if you lose you do not lose your own money because you are playing with house money.

Payment methods are simple too at the Casino classic casino. You can use your Diner's card, Firepay, NETeller, Click2Pay, ECO card, Money Bookers, VISA, Mastercard and Electronic Check by Citadel to deposit and withdraw amounts. You can also use wire transfers.

There is also the Lucky Emperor casino which offers you safe, secure and totally immersive online casino entertainment, all without leaving your own home. It is a microgaming casino that uses Viper technology to offer Expert mode with features like Auto play. You get a no deposit sign up bonus along with a matched bonus on up to a certain limit.

Lucky Emperor has a vast array of games to offer. You can choose from 192 games, including table games, slots, card games and progressive jackpot games. It offers new games along with old favourites so there is one game for everyone here.

Deposits and withdrawals are easy at this microgaming casino. You can make deposits using Credit/Debit Card, E-Check, NETeller, Click2Pay, FirePay, Citadel, PaySpark, UseMyBank, MoneyBookers, ECO Card, and Wire Transfer. Withdrawals are made with Checks, Wire transfer, Neteller, MoneyBookers, Click2Pay, ACH, FirePay, Gaming Card, PaySpark.

The software at Lucky Emperor is available as a download package. Security is also a major concern at Lucky Emperor. The casino software uses 128-Bit encryption when data is transferred over the Internet. Each player is issued with a unique account number and players choose their own password, which they alone can access.

Promotions at the Lucky Emperor include a generous sign up bonus as well as matched bonus. You also get a bonus for referring a friend to this microgaming casino. Plus there is a casino rewards loyalty program for players who have been around for some time.

The customer support section at Lucky emperor is also amazing with a 24\*7 call center as well as a comprehensive FAQs page. There are also features like playcheck and cashcheck to guide you through in case of any issues.
