

## Playing Blackjack Online

Quick introduction: Blackjack is a very simple card game to learn and can be picked up quickly by most players. The game can be played with any standard deck of 52 cards, before playing the cards are shuffled so each new card is random. When playing blackjack you are playing against the dealer, in the case of online blackjack the dealer is a computer. The main aim of the game is to try and make the cards total, or get as close a score to 21 as you can using 2 or more cards, Face cards (Kings, Queens and Jacks) are all worth 10 points and Ace cards can be counted as either as 1 or 11, all other cards are worth their numerical value. If your card total is over 21 then your bust and its game over, you need to beat the dealer without going bust.

Blackjack has always been a very popular casino game and seems to be increasing in popularity lately, it's one of the most played card games online; this is due to the growth of online casinos and gambling websites. Now people can easily play blackjack from the comfort of their own home and don't have to go all the way to a land-based casino. Many people choose to play blackjack online because of the convenience, you can play when you want, any time of day or night from the comfort of your own chair with no other distractions around you that might occur in a land based casino.

Online blackjack is fun and entertaining and if you want to play blackjack for free online then you can play this game and more at most casino sites. The games at online casino websites are very entertaining and have great graphics, most sites will let you play for free with pretend money accounts so you can learn about the game and practice your skills. As with all casino games blackjack can become addictive. Playing blackjack for free is the best way to learn the game. You can also play for real money if you want to provided you are over the age of 18 and it is legal for you to do so in your own country.
