

Spugnort's Alliance Leveling Guide (1-70)

If you are familiar with the game of world of warcraft (WOW), then you must have heard about Spugnort's Alliance Leveling guide. Spugnort's alliance guide is basically the latest guide in the world of warcraft. For detailed information about the guide, you can simply log on to the website www.warcraftguidelist.com. To play the game, most of its strategic guidelines are similar to Brian's guide, but with some renewed and updated features, it is somewhat different from Brian's.

Spugnort's alliance entered the world of warcraft guide with the initial release of about 60-70 burning Crusade Leveling Guides. With this release, they have gained widespread popularity in the WOW which prompted them to re-write the guide with about 1-70 levels. This is an ultimate guide that can compete with any of well known guides including Joana's Horde Leveling Guide. This guide basically provides the learners with various practical strategies enabling them to successfully move from one level to another.

With this leveling guide, you can get even the minutest details on how one can move to the 70th level within 10 days. Spugnort's alliance leveling guide comprises of about 45, 00 detailed steps so as to enable learners to learn efficiently how to move from one level to another. Besides, this Alliance Leveling guide also offers you with detailed instructions on how a player can successfully initiate and progress each phase, usually offered by an alliance.

Spugnort's alliance guide is mainly based on questing rather than grinding. It includes detailed and distinctive features for initiating each race, so that you can easily trace and follow along with any alliance successfully. Spugnort has broadly divided the guide into various sections; these sections are further characterized with maps that are symbolized with numbers, which in turn are referenced by the textual content of the guide. With the help of this, you can determine the next leveled movement.

Further, all the significant aspects of this game have been covered extensively from initial level to the target level in this guide. This guide serves as a mentor in guiding you through the initial phases (Level 1) till the target (Level 70). An additional feature which is included in this guide is a 'Map Reference'. With this map reference, a player can easily navigate and traverse the next level quickly and efficiently. The guide also includes marker icons that make it possible to browse and glide the specific guide sections and locate specific actions like traveling, hearthing or even accepting a quest. In order to view each and every section of the guide efficiently, you can easily collapse the various guide steps.

Another significant feature of this guide is that you can get free updates after regular intervals so as to stay tuned with the various optimizations, alterations or even patch modifications. Along with this, as you cross level-by-level, you will notice the graphical user interface, i.e. look of the guide which is designed in a consistent manner.
