

Old Yearbooks Help Classmates Reminisce and Genealogists Research

Remember the excitement of the senior year book? The pictures for which you so carefully dressed and coifed for in preparation? Friends signed well wishes and nonsensical adages of the time. How did you rate in the, "Most likely to..." category? The dreams for the future and the promises to keep in touch made so sincerely are all too soon forgotten. Like most people, time and life gets in the way, and, before you know it, you begin to wonder, "What ever happen to....". So, the place you start your search is your old yearbook, which of course, you no longer have. Maybe, you have lost track of someone, but you remember that they attended a specific high school or college. Hence, the need for an online yearbook search website.

A site such as E-Yearbook.com, a leading research resource is a subscription service to view old high school, college and military yearbooks on the Internet. They have partnered with universities and other schools across the nation to "web-enable" their old yearbook archives.

When planning a college, university, high school, or military school reunion, an online yearbook is an essential tool to find classmates who are scattered far and wide. Want to gather the old team together for the big game? Search E-yearbook. Need to find information about a celebrity? Maybe you need to organize a fundraiser and want to contact alumni from a particular university. An online yearbook search is the place to go.

Using this tool, you can find that Phil Donahue attended Notre Dame University and graduated in 1957. Donahue became the first tabloid talk show host in 1971 and continued until 1996. If you are a rock and roll enthusiast, you can peruse the old yearbooks and find where your favorite bands played. Or, find photos of your favorite celebrity. Yearning to find an old Navy buddy from the "Big E", the USS Enterprise? Look no further than E-Yearbook. Another way that online yearbooks can be helpful is for those searching their roots and compiling a family tree. Genealogy is a popular pastime for Baby Boomers, and yearbooks online can help in the investigation. Find an old beau, rediscover a past best friend, locate an old team mate. Online yearbook searches are a sure way to unearth the information you are looking for easily and quickly.
