international highclass female escort companion cape town south africa

cape town south africa

I have been travelling world wide,paris,milan,new york,miami etc...but i have seen there is no place like Cape Town South Africa. Placed between the beautiful blue ocean and the majestic mountain ranges, with a national parks as its very soul, it's a place to renew ,rejuvenate, relax , party and reconnect.

Cape Town, is called the "Mother City", and is the oldest city in South Africa.Cape town has a cultural heritage going back through more than 200 years. It is blessed to have the five national attractions in South Africa.You should be planning a trip to cape town very soon.

make sure not to miss an amazing trip up Table Mountain which can be very romantic under the moon light and stars, enjoy a glass of good old cape town wine traight from the vine yards in stellenbosch ; the V&A Waterfront is an enjoyable and extra ordinary shopping and holiday experience on a refreshing scenic working harbour; Robben Island is also accessible from the v&a water front and is the former home of Nelson Mandela the countries former president, everyone has heard the story about nelson mandela...; the Cape Town Wine Routes are where many of the world's best wines are born and produced and Kirstenbosch Botanical Gardens,is definately an internationally known and well talked about as one of the great botanical gardens of the world.

it is relatively easy to travel through cape town, of course if you come with me ,not only will it be easy to navigate, it will be breath taking..

The Cape Town region, the area is divided into four tourism areas - Cape Town Central, Cape Town North, Cape Town South and the Cape Town East.

They are lots of talented performers and artists all over cape town .

You will never be bored in Cape Town as long as i am near..... Table Mountain has some of the best climbing in the world as well as trails, and it is placed right in the city centre. We can go surfing, diving but its a cold sea.... mountain biking, sea kayaking - whale or penguin watching, fly off Lion's Head with a qualified tandem paraglider pilot, and land on the beach in time for sundowners...sexy. You'll never be bored.

you go for your business meeting and i will be happy to shop till I drop at Cavendish, Canal Walk or the Waterfront. There is lots of live music, art exhibitions, museums, plays and even opera, ballet or symphony concerts on all year round.

See you soon

xoxo
